

Voluntary Contributions & Charges – 2024

Dear Parents/Carers

Our 2024 Voluntary Contributions and Charges are listed below. We hope this will be helpful when calculating costs for the coming school year.

Voluntary Contributions

Once again, we have kept our Voluntary Contributions at \$40.00 per year for Kindergarten to Year 6 students. This is less than the \$60.00 maximum amount per student set down in the School Education Regulations 2000. While contributions are voluntary, the quality of our teaching and learning programs is maximised when each family makes its contribution to the cost of supplementing funding gained from other sources, including the State and Commonwealth Governments. Numerous payment options are available including paying as part of your child's requirements list, EFTPOS, direct deposit and cash. Direct deposit is our preferred method.

Optional Extra Costs – 2024

A breakdown of the maximum estimated charges for excursions and incursions that may be charged next year is listed below. You will not be charged more than is stated below but will more than likely be charged less. Students will only incur these costs if they are involved in a particular activity. Behaviour incidences or non-payment by the agreed date will exclude students from participation.

Payment will be requested when necessary throughout the 2024 school year and no payment is due now.
