WEEK 7

What is a cultural, religious, social and language group?

Cultural groups – Share different traditions. For example, in Chinese culture they celebrate the Chinese New Year on the first day of the lunar calendar.

Religious groups – People in Australia belong to different religious groups. This is that they follow certain beliefs and have different faiths. For example; if you are Christian, you believe in God.

Social groups – are those in which others join for certain activities that you all participate in, mainly for enjoyment. Some examples are choir, football teams and scouts.

Indigenous language groups – Before settlement, there were over 250 indigenous languages spoken and people belonged to a particular language group, who all spoke the same language. Families joined together to form bands and bands formed to join clans/language groups. Each group would care for its territory and see itself as the traditional owners of the land.

Belonging to a group or place can really impact a person and how they think and feel.

Let's watch this clip about what belonging means to you.

Activity Belonging To Different Cultural Groups

INFORMATION

Different cultural groups share different beliefs and traditions. In the Chinese culture, the people celebrate the Chinese New Year on the first day of the lunar calendar. They have specific beliefs which determine their practices during this time of year.

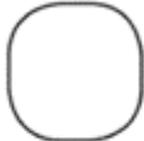

- To discover more about Chinese culture, draw lines to match the words with the pictures. You will need to draw two of your own symbols.

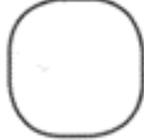

The whole house should be cleaned on New Year's Eve. Cleaning done on New Year's Day is bad luck as it means that good fortune is cleaned away.

Firecrackers on New Year's Eve represent destroying the old year and welcoming the new.

At midnight on New Year's Eve, all doors and windows must be opened to let the old year out and the new year in.

Everything borrowed should be returned by New Year's Day or it means that you will be borrowing all year.

If you wash your hair on New Year's Day, you wash away your luck for the year.

Wearing red will bring you a happy and bright future.

Term 1 Week 6 & 7 – Year 4 Cricket Skills *Batting*

Skill Explanation

Batting

In cricket, batting is the act or skill of hitting the ball with a bat to score runs and prevent the loss of one's wicket. During an innings two members of the batting side are on the pitch at any time: the one facing the current delivery from the bowler is called the striker, while the other is the non-striker. Batting tactics and strategy vary depending on the type of match being played as well as the current state of play. The main concerns for the batting players are not to lose their wicket and to score as many runs as quickly as possible.

Skill Example

How to show us!

Please create a video of yourself doing this skill and upload it to your class dojo portfolio.

You can practise this skill using any bat or a rolled up newspaper/magazine.

Remember – ask you parents/guardians for some safety rules if you're doing this inside. We suggest going out into the backyard for this activity, if you can.

Send Mrs Bastick or Miss Stumpf (whoever teaches you for PE) a dojo message to let us know that you have completed it.

Extension

Let us know something you found interesting about this task.

What challenges did you face? How did you overcome them?

Did you modify it?

How did your body feel before and after the task?
